You may only bring in other consignments of meat, meat products, milk or milk products into the Community if:

- you have obtained the necessary documentation from the official veterinary services of the country from which you are travelling stating that the goods conform to the requirements for entry into the EU; and
 - you declare any such goods and present your documentation on your arrival to an authorised EU border inspection post for veterinary control.
- ❑ **All meat, meat products, milk or milk products not conforming to these rules must be surrendered on arrival to the frontier of the European Union for official disposal.**
